SGP Intermodal is a subsidiary of Saudi Global Ports (SGP). It operates the Riyadh Dry Port Ecosystem – which includes the Riyadh Dry Port (RDP), Riyadh Empty Container Yard (REY), and Dammam Empty Container Yard (DEC) – across Riyadh and Dammam in the Kingdom of Saudi Arabia. These nodes facilitate the movement of cargo between King Abdulaziz Port Dammam, the Kingdom’s economic centre and capital city, Riyadh, and their hinterlands.

RDP is the only inland customs clearance point for containers transported by rail from King Abdulaziz Port Dammam to Riyadh. SGP Intermodal also operates a bonded zone within RDP. Connected to RDP via rail, DEC and REY serve as inland nodes supporting customers with port-centric supply chain and container management services. ■

Facilities	RDP	DEC	REY
Total land area (ha)	92	48	28
- Bonded Zone Area (m ²)	20,930	-	-
- CFS / LCL Area (m ²)	12,518	-	-
